

Demi-Loaf®

PROOF & BAKE DOUGHS

When you offer your customers a warm welcome,
It's an invitation to dine with you again!

Serve fresh-baked Bridgford Demi-Loaves® in just 4 easy steps!

1 PAN

Place one Demi-Loaf® bottom-side-up into a lightly greased pan. Brush dough with melted butter or spray with vegetable release. For volume baking, place 20 Demi-Pans onto a standard size sheet pan for easy handling.

2 THAW

Allow 1-2 hours for Demi-Loaf® Dough to thaw at room temperature (approximately 70°), or covered in a walk-in cooler for 12-24 hours.

3 PROOF

Allow dough to rise for 3 hours at room temperature or for 1 hour in a 100° proof box (approximately ½-inch above the top of the pan, or double to triple in size).

4 BAKE

Place proofed Demi-Loaf® Dough into a pre-heated 325° convection oven (375° for a conventional oven). Bake for 12-15 minutes, or until golden brown. Turn the loaves out of pans immediately to cool. Brush the tops with melted butter, if desired.

Bridgford Demi-Loaves® are packed in a moisture protection plastic bag and patented Styrofoam trays for additional product protection and optimum quality.

Treat your guests to warm, delicious,
fresh-baked Demi-Loaves® as a great way to say,
"We're glad you're here!"
